THE OFFICIAL PUBLICATION OF THE STONY BROOK CAMERA CLUB
VOLUME 36, NUMBER 1

August / September 2009

Letter from the President

By Rosemarie Marsh

Another late summer, still hazy but the nights are beginning to cool. Not so much as to need the windows closed, allowing in the breeze and the sounds of insects. They seem to be singing. One holds a note, almost a ringing sound, while another chips in with a staccato beat. It is still summer but autumn is near. Autumn. The season where we come back from our vacations and our leisure activities to reconnect with our friends. It is funny how coming back to Stony Brook Camera Club feels a bit like going back to school once did with its' building anticipation. That familiar excitement for reconnecting with old friends, catching up on what is new, finding out how they spent their summer. Looking forward to new images to be seen, skills to be learned, and time to be shared. The start of our new season.

It is not an ordinary season, it is our 40th year of "promoting enjoyment and proficiency in all aspects of photography through education by mutual exchange of knowledge and experience and also promoting a broad appreciation of our natural environment". When our forebears began this club and set these words as a guide they could hardly have imagined where the technology would take us. I say "us" with intention. We are Stony Brook. It is us, it is our club. This year I bring a lot of hope and good wishes for us. A club experience where we feel a sense of community, of ownership, of participation. A year where we know each other and go out of our way to talk to people we don't know as well. A year where we expect a lot and

where we contribute a lot. A year where we have fun.

Enjoyment, proficiency, mutuality, appreciation. I have been thinking about these concepts as our "true north" as we move into our photographic experiences, our social experiences, and our educational experiences. There is such an interplay with the concepts, such as how proficiency is supported when we know who to ask a question, which links to mutuality, which then informs enjoyment and appreciation. There is such wisdom in the genesis of this club. In the simplest way, we fulfill the terms of our mission when we have fun, when we teach and learn, when we invite newer folks into our conversations, when we support and encourage the broad range of photographic interests. While this only skims the surface, it is all here for us. Along with so much more. So as we begin this year let us all be conscious of the wealth we have available to us, how much we have to offer others, our responsibilities as we shepherd the club forward, our gratitude to those who came before us, and let's have fun. Our mission begins with promoting enjoyment and so let's begin there. Let's have fun.
