### 14. Where can we improve on the website?

#	Response
1	Color scheme is old fashioned. Similar information located in many places? Why?
2	Several of the areas that are most beneficial need to be updated (competition scores and field trip schedule) or deleted (old forum issues and competition results two months old) in a timely fashion.
3	The member galleries need work
4	Forum should be used more fore annoucements, updates, comp info etc...
5	1. Make sure all e-addresses and links are updated; 2. rotate display of monthly winning images - with a brief note from the image maker on technique (how or why an image was made the way it was). This would be particularly useful for creative images.
6	The afformentioned boudoir pics of Paul Burke.
7	I wish the forum would be used more frequently. Should it be open to other camera clubs to encourage more use??
8	I don't know. Someone is working very hard on this one.
9	Would be good to have a way to upload competition photos to website rather than email.
10	Links to other club sites
11	Easier access to forum, cleaning out forum messages that no longer apply, better link mechanism beside "click here", make all internal links work properly. One last improvement (I don't know how to achieve this) would be to increase participation by members, especially in uploading newer images to the galleries.
12	appearance of home page could be a little bit more flashy, more photos to attract the new viewer.
13	I think it is fine as is
14	It would be better to have one set of member galleries plus field trip galleries. Right now there are at least two kinds of member galleries. It's a bit confusing.
15	Have link clicks a different color to stand out
16	Change background color to White ... same as this questionnaire's bkgd. Keep fonts simple and clean, again same as this questionnaire's. I thank you for doing the site.
17	Update this year's competition winner images.
18	Good as is.
19	- Homepage organization. - Include a better summary of what each weekly meeting is about. Especially for speakers - we should post their website for reference priot to the meeting. - area for regular feedback regarding club events/meetings/activities to and from members and the leadership - maybe something like a suggestion/question box
